## WHY BARCELONA?

A true global city, where people from all around the world come to experience a variety of art, architecture and cultural uniqueness.

Barcelona is a meltdown of diversity, the beaches and mountains, European and Mediterranean, sports and cuisines, museums and street art. No other city in the world can combine extremes so fabulously. Students enjoy a mixture of touristic life and go on a cultural immersion throughout their time here. It's a great chance to create global networks and meet people from every country in the world. Not to mention the low-cost possibilities to travel without borders, providing you with the chance to explore outstanding places and growing your personality by leaving your comfort zone.
